

'Coffee Break' Set For New C. of C. Members

The businessman's two biggest events of the year—Coffee Break and the coffee bean, will pool resources Thursday.

On Thursday the Tri-Cities C. of C. will hold a "coffee break" orientation meeting for the 30 new members, secured in the group's recent membership drive. The 10:30 a.m. meeting will be at the office of chairman of the membership committee at the C. of C. offices.

New members will be served coffee and doughnuts, and each member of the officers, President Paul H. Lichtenberger, will explain the aims, objectives and policies of the Chamber of Commerce, and Charles E. Baker, vice-president, will discuss the group's operations.

Vice-President Jim McDonald will speak on community affairs, followed by Manager Harlan Dobry's summary of staff services for members.

The new members are Lee W. Strode, Kenneth Black, Emerald E. Davis, Ronald E. Branding, Otto "Bud" Gosnell, Orville Detour, Earl Parsons, Frank Edinger, John F. Fink, John G. Fink, Paul Downs, Harold H. Hennemeyer, Richard Hutchings, Ray M. Kegel, Ernest Kern, Oliver Kirtzman, William Lohman, Paul Lohman, D. Dressler and K. S. Hartberger.

Harlan Dobry, manager, is a member of Thomas Stastke, Marlin Nestor, Eugene E. Schinnerer, William Simpson, Richard L. Taylor, Rev. Calvin M. Nease, Mrs. Helen Pfeifer, J. W. Price, J. Thomas D. Smith, Raymond J. Twilman, Wallace M. Brykay, Harry Rothman, Sidney Matzmar, and Bestwick, Murphy & Clayton D. Creek, Louis Fitter and Raymond L. Henry.

Legislative Battle Smoke Expected To Clear In Few Days

(Special from Springfield)

Money — how to raise it and how to spend it — dominated the deliberations of the Illinois General Assembly. From Jan. 9th when Otto Kerner and other elected state officials took their oaths of office until the final gavel for sine die adjournment sounded the question of state spending was the top issue of discussion.

It probably will be days and even weeks before the legislative battle smoke of the session is past. The accomplishments and the failures of the 72nd General Assembly, described by one editor as "one of the most colorful and peculiar he had ever seen."

He had reference to the fact that although the Republicans proposed the budget of both branches of the General Assembly at the House by Democratic maneuvering which brought two Chicago Republicans to the side of the Democrats, described by one editor as "one of the most colorful and peculiar he had ever seen."

As against this, 31 Republicans controlled the Senate by a bare majority of one but sufficient to slow in the Kerner administration's programs for better expenditures which called for increased and new taxes to raise revenue. The Democratic 1961-63 budget called for expending \$3,493 million.

Veto Power Looks

And in the background was a

Democratic Gov. Kerner with his past the \$3 billion mark and another defeated to tax cigars, former Gov. William G. Stratton's \$2.5 billion budget was nudging the total.

Attacks On Budget

The budget came under immediate attack from the Republicans. Statewide there was a State attack from the House side where the Republicans had a majority of the membership but the Democrats had a majority with Powell the Speaker.

Republicans in the Senate, opposing Kerner's budget, insisted on an increase of the state sales tax sought to offset it with demands that state department budgets be trimmed 5% of the amounts requested to run them for the next two years.

This procedure whacked off about \$60,000,000 in the various departments of state, some of \$45 million for Public Works, but the amounts were restored to the departmental budgets and specifically committee of both houses was formed to whittle the proposed amount, and came up with theoretical slashes of about \$13 million, which later was reduced to about \$4 million.

The Republicans argued that by slashing the departmental budgets, they could effect an increase in the state sales tax could be averted. But Democrats said that even with such a slash, the state would still be on target by about \$30,000,000 before the end of the biennium.

Other tax proposals considered by the Assembly included one passed by the state to look at a Illinois first fiscal program.

Mayor Out Of Hospital, Still Under Treatment

Granite City Mayor Leonard R. Davis was released from St. Luke's Hospital, St. Louis, Saturday morning, but was to remain there for his daily further medical examination this morning. Mrs. Davis told the Press-Record today.

She said it is "highly unlikely" Davis will be able to attend tonight's city council meeting, although it had been determined yet whether he would have time to return to the hospital.

Mrs. Davis entered St. Luke's on June 24 for examination and treatment of a recurring kidney ailment.

GC, Seco Post Wins In Park Softball Tourney; Schedule Is Reshuffled Due To Rains

Granite City placed one representative in the local post softball tournament Saturday night, but the tourney schedule was turned upside down by weatherman with a forecast of Friday and Saturday night rain delayed.

The park district-sponsored softball, behind the five-hit pitch of Bill Kaman, beat Midtown 10-0, Alton Chiefs were first place.

The park district will award 21 trophies at the tournament's conclusion, including 18 individual trophies to members of the champion team plus first, second and consolation awards.

Admission is \$1 for all the tournaments, \$2 for the consolation bracket.

On Sunday, Seco scored single markers in the third, fifth and sixth while winner Bill Thornton shut out Spenger in both games. Eddie Dinkin, a third baseman, hit three home runs.

Seed of St. Louis, a member of the Mutual Credit entry, Spenger Insurance, 3-1 in Saturday's play-off game.

A marathon schedule was set for the remaining contests.

At 7 o'clock, the Alton Jackson Fastrasts will play Blue Circle Lounges of St. Louis, with this game to be followed at 8:15 p.m. by Alton Chiefs-Taylorville, Mayh-Large-Clubs.

Both games are in the first round and originally were scheduled for Friday night—but before the rains came.

Seco and the park squad will collide in a semifinal game at 8 p.m. while the winners of the Mayh-Large-Clubs game will oppose the survivors of the Jacksons-Blue Circle game at 9 p.m.

From there, the schedule reverts to a semblance of normalcy, provided the rain holds off.

In a round robin, Alton and Alton Midtown will play at 1 p.m., and the losers of tonight's opening round games will meet again at 8 p.m. to determine the consolation trophy.

No-Hit Game For Mitchell In B League

Kenny Mitchell pitched a five-inning no-hit softball game against the Knights of Columbus in the B League last night at Wilson Park in an 11-0 triumph for the Granteers, while Modern Furnace 272 kept the pressure on the Knights of Columbus with an 8-2 win over Modern Furnace in the second game.

As Mitchell was blanking K of C hitters, his teammates were scoring at least once each inning off loser Bill Kaman. The wins were tallied, their turn at bat only four times in building up the necessary 10-run lead. They scored five times in the first four games.

Mitchell's batterymate was Glen Moore, Bill Haug caught for the K of C.

Nestor Haug twirled three-hits softball in the second game to get credit for the Moons win over Modern Furnace. Loser Jerry Volden gave up only five runs, Bill Bragg and Alton Outland catching chores for the Moons, while Rudy Dink worked behind the plate for Modern Furnace.

The Moons club scored all of its eight runs in the first three innings. Modern Furnace was blanked in all but the third game.

The B loop standings:

	W	L	GB
St. Louis	3	2	1
Moose Club 272	4	3	1
GCS Credit Union	3	2	1
Modern Exterminators	2	2	1

DESERTED MIDWAY at the Granite City park district's July 4th festival during yesterday afternoon's rain. With good weather predicted, larger crowds are expected this evening and tomorrow when a fireworks display will be set off promptly at 9 p.m. at Wilson Park. Girls in photo with umbrella and raincoats are members of the Park District Girl Club who were handling ride ticket sales before the rain.

THE 2500 BLOCK OF MADISON AVENUE looked more like a main river than a sewer shortly before noon Friday after storm which dumped 1.75 inches of rain in the area, most of it in a one-hour period. Sewers throughout the city cope with the drainage problem.

Four Arrested in Madison On Drag Racing Charges

Four Granite City men were arrested by Madison police early Saturday on charges of speed racing. Police said they were drag racing.

Gerold E. Day, 18, of 701 Twenty-seventh Street, and Edward P. Miller, 21, of 3121 Wayne, both of whom were arrested at 12:35 a.m., Day also was charged with driving without a license.

Charles Walter Reynolds, 24, of 2401 Madison, another who was arrested at 1:45 a.m., and James Dolan, 23, of 2418 East 25th Street, were charged with 3:35 a.m. Police said second cars were involved in each of the latter cases, but were not caught.

All four men posted bond and are scheduled to appear for hearings at a later date.

The company announced last week that service to the areas where we travel to the next field station from the new routes, the firm said, has been suspended for their operation.

On March 1, the company ordered the bus company to extend service to the two areas for a 90-day trial period, beginning April 1. The firm said in its Commission's order said, the firm "may discontinue and abandon such service if the passenger traffic of Community Coach Co. is not maintained by virtue of such operations to pay their operating costs."

After July 7, regular East Granitevia-DeKalb service will return to time schedules in effect before the new routes were added. Time of the East Granitevia-DeKalb service will not be affected by the change.

Further Hearings Set On Dropped Bus Lines

A further hearing on Community Coach Co. temporary bus service to the Glenview and Bellmores areas is scheduled for 10 a.m. June 10 in the offices of the Illinois Commerce Commission in Springfield.

Driving License Violation

Donald S. McCabe, 23, of 2115 Lynch avenue was arrested at Wayne and Jill avenues about 2:20 a.m. Saturday by police on a charge of speeding. He posted \$16 cash bail and is to appear at a July 8 hearing.

About This Question

The 4th of July is a welcome holiday. It is also Independence Day, to remind us that our country was founded on the ideas of men who dared to dream new thoughts, new ideas. Our cherished liberties and freedoms include the freedom to be different—to disagree. New thoughts gave our country birth and made our country great, and will keep it great.

EDITORIAL

Exciting Plans For Further Downtown Area Improvements

The budget of \$574,000 set by 77 firms in improving downtown buildings and areas over the last eight years shows sincere dedication to the objective of an attractive, modern and convenient district for shopping. Exciting plans and ideas just outlined to city officials indicate that many additional improvements are imminent.

Major emphasis properly is being given to clean streets and sidewalks, and parking, public restrooms and water fountains and street lighting, and the affected firms have offered voluntary financial support to the city for such projects as resurfacing the abandoned street car tracks on 19th street.

Enhancement of the downtown area will be watched with interest as a continuation to processes for a thriving central core of business activities is vital to the health of any community. Judging by the substantial investment of the past and the plans for the future, a real effort is being made to meet local residents' shopping needs and desires on a local basis.

School Of Journalism Recommended For SIU

In certifying Southern Illinois University's journalism program, the ACP has accredited the American Council on Education for a School of Journalism. This is in close harmony with our thoughts on the subject, and we again suggest that such a school be located at the SIU campus.

The ACP's recommendation of SIU's enrollment of students interested in news writing, advertising, printing, radio and television has increased over 500% in the past eight years. This is attributed to "enthusiastic development of a sound program; vigorous and capable leadership given to the department; and the administration's willingness to give approval and financial support to many of the improvements."

The accrediting announcement praises the present combination of liberal arts education and professional journalism training. With closer access to metropolitan area news, advertising and publications media, the program could be improved even more.

Radio Free Europe Piercing Iron Curtain With Truth

Though it is believed American views are being overshadowed by the volume of Communist propaganda in many parts of the world, it has been noted that Iron Curtain refugees list Radio Free Europe as a popular and influential weapon for attacking Eastern Europe. Founded by Americans on July 4, 1950, as a free government means of breaking the Reds' information monopoly, it is marking its 11th anniversary.

The non-profit network, supported by public contributions, is on the air seven days a week, reaching Poland, Czechoslovakia, Hungary, Russia and Bulgaria, giving news, analyses, religious services, music, humor, cultural and educational programs, direct book reviews and other material banned or distorted by the Communists. Jamming attempts are 90% overcome by using several frequencies simultaneously.

Along with the refugees' comments, two examples of its effectiveness have been cited. Radio sets in the free countries have almost tripled, from 4,200,000 in 1950 to 12,500,000 in 1961, and the controlled Soviet press and radio stations have seen fit to attack Radio Free Europe over 8000 times in the last seven years.

Trend Toward Spending July 4 Weekend Safely—At Home

Independence Day, marking this nation's 215th year of independence, is a major secular holiday despite a transition in its observance. Once celebrated close to home, on the traditional village green, the Fourth of July later became a time for travel as economic conditions, leisure time and highways improved.

Now, with roads crowded, holiday driving has become more than normal, and many other weekend and vacation periods available, some resurgence of the earlier type of celebration is occurring.

The more recent trend is typified by major holiday festivals planned for Wilson Park and the Third street grounds in Madison. Already in progress these events will climax by mammoth aerial and ground fireworks displays tomorrow evening.

Safer than the individual fireworks that caused many injuries a few years ago, the displays also aid in keeping revelers in their home communities, resulting in greater travel safety. These factors represent a significant improvement over the "good old days" of yore, though in this vast nation, no countrywide celebration can be entirely safe. Last year, the July 4 weekend toll in Illinois included 10 high-way deaths and 1193 injuries.

Isn't it surprising how fast a month rolls around when you have installment payments coming due?

Full Local Responsibility Would Be Severe Test Of Spending Proposals

The system is too far advanced for us to seriously recommend such a change, but we wonder what would happen if all federal and state financing and projects for a particular area were deleted. It would be a severe test for a given period of time. If the many construction and development projects were left strictly up to the voters and taxpayers of each community, to approve, finance and build, chances are many of them never would be carried out.

This comes to mind with the release of statistics showing that the 50 states received more from the federal government in state and local grants than they pay in income taxes. Illinois, paying well over \$1 for every dollar of U.S. help, and 14 other states carry the major burden.

We hasten to say at this point that we have applauded much of the program utilizing federal and state funds. Some of the best work of importance to this region and we are glad that they have been obtained. In fact, they might have been more difficult to achieve under other circumstances.

Yet there seems to be a growing tendency to fail to relate "taking" with "giving." No governmental body, regardless of whether it is at the federal, state, regional or local level, should spend anything that it does not obtain from the people in one form or another. Just as charge-account buying is not really free, every aid grant is paid in full, by someone.

Since a moratorium on federal and state responsibility is not likely, Press-Record readers no doubt will be interested in supporting various projects of benefit to this area, for the alternative would be excessive artificial stimulation of other communities' progress at our expense. But if for a time the full load of decision and cost were to be placed on each area of the nation to chart its own course, the public surely would adopt a different outlook toward spending proposals.

Whispered compliments are easily overheard.

7 Children Injured, Treated Thursday

St. Elizabeth Hospital gave emergency treatment to seven Illinois Junior Commission has Grand Avenue of the birth of a son June 28 to M/Sgt. and Mrs. Jack DeRuntz who are now in the hospital.

The new arrival, who weighed seven pounds, five ounces, has the name of John Timothy. The couple also has a daughter, Marie, one-year-old. M/Sgt. DeRuntz is stationed near Frankfurt, while the couple is living in a house in the community of Hohen Zilkow, which was employed as a nurse in the local school system before her marriage.

Nelson's county liquor permit was revoked by Haller after a special investigator for the state attorney's office testified his home had been used for "immorality" while making an investigation.

In the letter, the state commissioners that sets the date for the appeal hearing, it is stated that Haller may defend his license revocation order.

Undergoes Surgery

Mrs. C. H. Townsend, 1815a Delmar Avenue, underwent laparoscopic sterilization today and is reported to be recovering satisfactorily. She will remain in the hospital for another week or two.

Two Bicyclists Ram Truck; Escape Injury

Two unidentified boys riding bicycles ran into the left front of a Wimmer-Bunting Co. truck Thursday and escaped injury, a company spokesman said.

William E. Barnes, 35, of 830 Alton Street, driver of the truck, reported the collision in the 2100 block of Grand Avenue. Barnes said that he was headed onto the sidewalk when he saw the boys were riding north on the sidewalk and the accident occurred.

THE PASTOR SPEAKS

By ROY GRIEBEL
Assistant Pastor
St. John United Church of Christ

"In God We Trust" Moto or Truth?"

The English poet, William Cowper, has expressed what many of us have often felt:

"God moves in a mysterious way."

His wonders to perform."

Let's admit that all of us have had times and incidents in our lives when we have seriously questioned, "Is God in His Divine Activity?"

Yes, I am concerned in this life, it is important for us to know and understand all that God does.

The significant point of relationship between ourselves and God is not at the point of understanding—but rather, that we are found at the point of trust. Although we do not always understand God, we can trust Him.

It is better to trust in God than to put confidence in man;

we have lost the element of trust in our lives. Not only do we fail to trust those with whom we associate and work—and indeed, at times we do not even distrust our own family members.

This is a sad commentary on our national life, and certainly it reflects the past and the present condition of life which needs constant improvement.

Trust is absolutely essential to any significant living relationship. Although we cannot depend on it, it is in our relations with our family, neighbors and friends, and, of course, our God.

Start with trust in the Almighty. Although we cannot depend on it, it is in our relations with our family, neighbors and friends, and, of course, our God.

Death apparently came from a heart condition from which he had suffered for the past six years.

Mr. Deutschman was born in Lenzburg, moving to Milwaukee in 1915. After employment by the Granite City Steel Co., where he was a foreman in the North Plant at the time of his retirement.

A member of St. John United Church of Christ, he also belonged to the St. John's Brotherhood and the Knights of Columbus.
